Music & Lyrics: Jürgen Solys

1     <sup>C</sup> Feel the earth is breaking away  
      <sup>G</sup> loosing ground, needl<sup>am</sup>ess to say that it can't go on <sup>F</sup>  
      <sup>C</sup> Carry on to your destination, <sup>G</sup> straight ahead, believe in salvation, just keep going <sup>am</sup> <sup>F</sup>  
1'   <sup>am</sup> So come on and take the chance, step <sup>F</sup> forward, shake hands  
      <sup>D</sup> believe what you've got, cause you've got a lot

**Ref**   <sup>C</sup> **Take the chance in every moment you're living** <sup>G</sup>  
      <sup>am</sup> **Be aware, it's everything that you've got** <sup>F</sup> <sup>Gsus4</sup> <sup>G</sup>  
      <sup>C</sup> **Take the chance to the real and start giving** <sup>G</sup>  
      <sup>am</sup> **Time is now, it's everything you've got** <sup>F</sup> <sup>Gsus4</sup> <sup>G</sup>

2     Then everything starting to grow  
      to the sky and all in flow, so that can go on  
      Just be proud of what you are, you can't believe it came so far  
      So start this party

2'    So come on and take the chance, step forward, shake hands  
      Just show you have got, cause you've got a lot

**Ref**   **Take the chance in every moment you're living**  
      **Be aware, it's everything that you've got**  
      **Take the chance to the real and start giving**  
      **Time is now, it's everything you've got**

MT    Every day of our life is a present and challenge  
      Go and make the best that you've got  
      Keep it up, don't loose your balance  
      Take it and make it – cause time is now!

**Ref**   **Take the chance ...**
